

ALED-702/712

Aluminum anodized arm

Optional photo control

Dusk to Dawn Fixture of the future is here. Utilizing a single source LED, this dusk to dawn provides prismatic-designed light output for any environment. It comes with NEMA approved Photocontrol which used with LED provides significant power savings. Maintaining all the strengths of the traditional dusk to dawn fixtures such as installation brackets and arms while utilizing the latest generation of LEDs, this LED dusk to dawn will last for years to come.

Optional now in 3000K*/4000K*/5000K*
